

LUKENS SAYS PARDEE'S MAJORITY WILL BE 30,000

Lane Will be Badly Beaten in All the Interior Counties—San Francisco Will Disappoint Him.

SAN FRANCISCO, Oct. 29.—"Dr. George C. Pardee will sweep the State; his majority will not be less than 30,000."

So spoke Senator G. Russ Lukens at Republican headquarters. He was in a most confident frame of mind, and expressed himself with a feeling of positive certainty.

"All our advices from the interior are of the most satisfactory character."

"The reports now coming in show that Dr. Pardee is steadily gaining. His majorities in Republican strongholds are now estimated by observers on the ground much larger than they were two weeks ago. From every point in the State the report comes that the situation is daily improving."

"Los Angeles county will give Dr. Pardee 4,500 majority, San Diego will give him fully a thousand, while Riverside and Ventura will also pile up big majorities in his favor."

"Santa Clara is good for 1,000 majority and Humboldt is safe for 1,500."

"San Joaquin will give about 650 majority and Sacramento fully 1,000. Soнома can be relied on for 400 and So-lano for twice as many. I am informed that Dr. Pardee will carry Fresno county and possibly Mendocino."

"In Alameda county we figure on 5,000 majority, but it will be nearer six."

"In our estimates we concede San Francisco to Lane by 5,000, but he won't get it. The vote in this city will be a disappointment for the Democrats. Instead of being a boost for

Lane it will be a jolt."

"Our canvass of the State shows that we will elect the entire Republican State ticket and a full Congressional delegation. There is not the slightest doubt of Dr. Pardee's election now, although I have never doubted it. In the southern mining counties he will poll a tremendous vote. Calaveras especially will roll up a huge majority for him."

JOHN A. BRITTON.

"The events of the last three days have confirmed the election of Dr. Pardee," said John A. Britton. "His tour of the State has been a series of ovations, and advices from each place following his visit have shown a great increase in Republican strength. The situation in San Francisco is improving hourly. Working men are taking off their Lane buttons and putting on Pardee buttons in their place. Dr. Pardee's enthusiastic reception in the Union labor strongholds shows how popular he is. If Lane gets any majority at all in this city it will be very small."

"Now, therefore, I, Theodore Roosevelt, President of the United States, do hereby designate as a day of general thanksgiving, Thursday, the twenty-seventh of the coming November, and do recommend that throughout the land the people cease from their ordinary occupations and in their homes and places of worship render thanks unto Almighty God for the manifold blessings of the past year."

"In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed."

"Done at the city of Washington, this twenty-seventh day of October, in the year of our Lord, one thousand nine hundred and two, and of the independence of the United States, the one hundred and twenty-seventh."

PRESIDENT ROOSEVELT ISSUES THE PROCLAMATION.

WASHINGTON, Oct. 29.—President Roosevelt today issued his proclamation designating Thursday, November 27, as a day of Thanksgiving.

"According to the yearly custom of our people it falls upon the President at this season to appoint a day of festival and thanksgiving to God."

"Over a century and a quarter has passed since this country took its place among the nations of the earth, and during that time we have had on the whole more to be thankful for than has fallen to the lot of any other people. Generation after generation has grown to manhood and passed away. Each has to bear its peculiar burdens; each to face its special crisis and each has known years of grim trial, when the country was menaced by malice, domestic or foreign, when the hand of the Lord was heavy upon it in drought or flood or pestilence, when in bodily distress and anguish of soul, it paid the penalty of folly and a poor heart. Nevertheless, decade by decade, we have struggled onward and upward and we naturally enjoy well-being and under the favor of the Most High, we are striving earnestly to achieve moral and

spiritual uplifting. The year that has just closed has been one of peace and of overflowing plenty. Rarely has any people enjoyed greater prosperity than we are now enjoying. For this we render heartfelt and solemn thanks to the Giver of Good, and we seek to praise Him, not by words only, but by deeds, be it in any way in which we do our duty to ourselves and to our fellow men."

"Now, therefore, I, Theodore Roosevelt, President of the United States, do hereby designate as a day of general thanksgiving, Thursday, the twenty-seventh of the coming November, and do recommend that throughout the land the people cease from their ordinary occupations and in their homes and places of worship render thanks unto Almighty God for the manifold blessings of the past year."

"In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed."

IMPROVEMENT OF THE TWELFTH STREET DAM.

The specifications of the improvement of the Twelfth street dam, for which a contract has been let by the Board of Public Works, are as follows:

Total width of viaduct 100 feet in the clear.

Sidewalks 12 feet wide on each side with a bicycle path 7 feet wide on the north side.

Width of roadway 60 feet.

The roadway is to be macadamized and the sidewalks are to be of cement, save in the filled section, which will be of asphalt.

phall on account of the danger of settling.

The gates will be located at the eastern extremity of the dam, and will be temporary structures of wood.

The maximum raise in the center will be 24 feet above official grade, and at Fallon street 18 inches.

Cost as estimated by City Engineer Turner \$53,845. Cost price per contract let \$53,845.

It is expected that the work will be completed inside of six months.

STRIKE COMMISSION IN SESSION.

WASHINGTON, Oct. 29.—The majority of the Anthracite Strike Commission left here this afternoon for Scranton, Pennsylvania, where they will meet tomorrow to begin their investigation of the conditions in the mining region. The party consisted of Commissioner of Labor Carroll D. Wright; General John M. Wilson; Bishop Spalding; Grand Chief E. E. Clark, of the Order of Railway Conductors; Assistant Recorders Mosely and Neal and three stenographers. The other members of the Commission are also expected to reach Scranton by tomorrow. Judge Gray, the chairman, is at Wilmington, and expects to board the train on its arrival there late this afternoon. Messrs. Watkins and Parker are in New York City and have been notified of the departure of the others from here. The Commission will spend tomorrow at Scranton arranging the details of the trip through the coal fields. The hearings will not begin until the formal claims of the miners and the answer of the operators have been filed.

The first place to be visited by the Commission after leaving Scranton will be Wilkes-Barre. The tour will be through the coal fields in advance of the hearings which have preliminary character as the

same point, in all probability, will be visited later for the purpose of taking the testimony of the mine bosses, foremen and the miners themselves. To require the miners to leave their work and travel any considerable distance to testify before the Commission would involve considerable hardship upon the men and also interfere to some extent with actual working of the mines. In the preliminary inspection and inquiry into the conditions at the mines the testimony will be mapped out to cover several important coal fields of the anthracite coal region.

None of the members of the Commission are willing to be quoted in predictions of the length of time the work of the Commission will consume. They say they will go into the subject exhaustively and one of them said privately today that he believed the report would be ready in two months.

"If either of the parties to the controversy should refuse to abide by the decision of the Commission what could be done," this Commissioner was asked.

"We see no reason to anticipate anything of the sort," was his answer. "I do not believe that either side could face the force of public opinion by rejecting the conclusions which they have agreed in advance to accept."

"The stories are very much exaggerated. In reality, it was a very slight trouble and was quickly relieved."

HANGS HIMSELF

WHILE AT PLAY.

Negro Boy Attempts Mock Execution and Loses His Life.

OXFORD, Miss., Oct. 29.—Emanuel Crump, a fourteen-year-old negro boy who had witnessed the recent hanging of Mathis and Lester here, secured a rope and hung it over a tree limb and arranged a noose for a mock hanging of himself. He stood on a milk can and placed his hand in the noose. In some manner he knocked the can away and his mock hanging became genuine. When found he was dead.

"Mrs. Robinson is not suffering from any disease," he said. "She has a severe cold and is somewhat run down, but that is all."

Asked as to the operation said to have been performed on the board, Mrs. Robinson, who is a sister of President Roosevelt, was returning to America, Dr. Wynkoop said:

"The stories are very much exaggerated. In reality, it was a very slight trouble and was quickly relieved."

"Mrs. Robinson is not suffering from any disease," he said. "She has a severe cold and is somewhat run down, but that is all."

BOTH WILL GO TO THE PENITENTIARY

Father and Son Will Now Have to Wear Stripes.

Trouble all Caused by a Fight Over a Girl.

PORTLAND, Oregon, Oct. 29.—William Baldwin and his son, George, were sentenced to serve two years and one year respectively in the penitentiary by Judge George today, the father for aiding and abetting, and the son for striking the blow in a prize fight that killed Frank Carlson.

Frank Carlson and George Baldwin had trouble over two girls and decided to settle their differences in the ring.

They fought in the presence of about seventy-five persons including Baldwin's father, and Carlson received a blow over the heart from the effects of which he died.

Another statement that has been made is that I am A. R. Denke of the West End, Alameda, who a few years ago went through insolvency. That is also a malicious falsehood, as our names are spelled differently and I never did live in Alameda, although I have lived in Oakland for twenty years.

I have told every one who has approached me on the subject that I was the nominee of the Union Labor party, and as such I would remain on of ticket and make as hard a fight in an honorable way as I could, and that I feel sure of being elected the next Assessor of Alameda county. If elected I will give the people a fair, honest and economical administration. FRED H. DAHNKE.

I have absolutely refused to listen to any proposition in regard to withdrawing from the contest, and I have told every one who has asked me about it that I would not withdraw under any circumstances or conditions.

WHY PUBLIC SENTIMENT IS FOR PARDEE.

It is all over but the shouting, so far as the election in California is concerned. The conservative forces of society have rallied to the support of Dr. Pardee with unmistakable unanimity. This is not due to any fear of Mr. Lane personally, but to the conviction that his candidacy represents disorganizing social forces and mischievous political tendencies.

In the end the fact has been forced upon the attention of thinking men that the political organization which stands for sound money, the protective tariff and stable government must be supported if the prosperous conditions now prevailing are not to be disturbed. It is not so much a question of individuals, or even parties, as it is the broad question of the country's welfare and the safety of society. The issue finally resolved itself into one of patriotism, and when that point was reached Republican success could not be a matter of doubt.

In this campaign men are not voting for candidates. They are voting to maintain a certain industrial order that is productive of active business, good wages and prosperous times generally. The politics of the situation is a matter of pure business. It is the well being of the individual and in the mass.

Behind Franklin K. Lane are the men who recently clamored for a de-based currency. With them are joined those who would strike down the system of protection to American industry. In alliance with these elements are radicals and enthusiasts who desire to institute novel and irrational schemes of legislation inconsistent with the theory on which this government was formed. The election means, in some sort, a victory for these elements and a defeat for those in opposition.

Dr. Pardee represents an endorsement of the Federal Administration and the constructive policy it is carrying out. His candidacy embodies sound money, protection and established order. A vote against Dr. Pardee, whether so meant or not, would be a vote to rebuke the party of prosperity and a declaration in favor of a change in existing conditions. Public sentiment is in favor of letting well enough alone. Hence the certainty of Republican success.

CHOLERA RAVAGES.

Despite the repeated assurances that the cholera in the Philippines was under control, it appears that the epidemic is still spreading and raging with great violence. At first its ravages were confined to the vicinity of Manila on the island of Luzon. But the plague has not only spread to other parts of the island, but has been communicated to many other islands in the Archipelago. The latest report says the deaths already exceed 75,000. These are the authenticated figures, but there is reason to believe that the mortality is considerably in excess of the number given out. That a most serious condition exists in the Philippines by reason of the cholera cannot be doubted, and while the authorities are putting forth energetic efforts to abate the disease they have not been able to successfully cope with it thus far, only to the extent of preventing it becoming epidemic in the army.

JUDGE S. P. HALL.

During the six years he has sat on the Superior Bench Judge Samuel P. Hall has exhibited the qualities that go to make up an ideal jurist. His uprightness and his strict regard for the spirit as well as the letter of the law have earned for him the highest esteem of the entire bar. Judge Hall's rectitude is one of the first things that is mentioned when the judicial candidates are mentioned. But this is only one of his recommendations for re-election. He has breadth of mind and a thorough acquaintance with the law. In habit of mind he is as fair and temperate as his motives are free from taint. Every voter who desires able, honorable and fair men on the bench should vote for Judge Hall.

Business men will appreciate the propriety of keeping J. C. Ewing in the County Auditor's office. He has conducted the office admirably. No one has ever been able to point to a single official shortcoming during Mr. Ewing's incumbency. He is going to win because his administration has been a model of efficiency.

It is estimated that Solano and Contra Costa counties will give Congressman Metcalf in the neighborhood of 2,000 majority. When Alameda's poll is in his total majority will probably exceed 8,000. This is proof that the Third District appreciates ability and character in a Representative.

The workmen of San Francisco are very plainly giving notice that the Democratic politicians have not correlated them for Lane. Thousands of them are flocking to Dr. Pardee's standard.

Don't forget to vote for the Republican legislative candidates. In voting for them you vote to re-elect George C. Perkins to the United States Senate.

THE CANAL DIFFICULTY.

Another complication has arisen that may still further delay the Isthmian Canal. Attorney General Knox no sooner reports that the Panama Company can convey a clear title than the Colombian government makes increased demands of an exorbitant character. It looks like a case of stand and deliver just at a time when the United States Government had cleared away all other obstacles.

Under the original agreement Colombia was to receive \$7,000,000 in cash for the canal concession, and after it has been in operation fifteen years a yearly rental to be agreed upon between the governments. It was considered that by the time fifteen years had elapsed the traffic through the canal would have reached such settled proportions as to enable a fair rental to be fixed as a basis thereon.

Now the Colombian government raises its cash demand for the concession to \$10,000,000, but that is a small matter compared to the price it insists upon receiving as a fixed yearly rental. It now demands a flat rental of \$800,000 yearly, payment to be begun as soon as the canal is placed in operation. As the Government can borrow all the money it wants at three per cent or less, \$800,000 a year means a permanent investment of \$20,000,000.

But this is not the worst. In fifteen years the Government will have paid out \$30,000,000 in rental that it was exempt from paying under the original contract. Thus the Colombian government has made demands which, if acceded to, would result in increasing the cost of the canal upwards of \$30,000,000. Whether the State Department can get these exorbitant demands reduced to a reasonable figure remains to be seen. It is to be hoped that it can, but if not our Government is fortunately not restricted to Panama in the choice of a canal route. It still has the Nicaragua concession to fall back upon.

RUSSIA'S LAST COUP.

It seems to have escaped public attention that the Russian government succeeded in bluffing a passage through the Dardanelles for its warships. Those who have studied Moscow policy in the past believe that when the opportune moment arrives Russia will insist that this virtually abrogates the clause in the Treaty of Berlin which forbids the passage of Russian warships through the straits. Turkey made no treaty concession in the matter, but simply granted permission for the ships to go through. This establishes a precedent of which Russia will not be slow to take advantage. Already the czar's government has quietly violated other provisions of the Treaty of Berlin by creating a fortified naval base on the Black Sea, something England has resolutely opposed ever since the Crimean war. Having established a naval base there despite the treaty, Russia has broken through it at a related vital point by getting passage through the Dardanelles for the warships. It looks as if the Moscovite empire would in the near future gain free access to the Mediterranean Sea.

The majority for John P. Cook, Republican candidate for County Clerk, promises to be very large, but it will not be larger than his merits warrant.

COLLINS DENIES GRAVE CHARGES

ATTORNEY DENIES HIMSELF AGAINST ALLEGATIONS OF FRAUD.

Attorney George H. Collins, who with his client, Abner Paul Marston, is being sued for \$50,000 alleged to be due to C. C. House, Jr., J. J. Hambley and M. C. Huse, for legal services in handling the estate, valued at \$200,000, Marston inherited from an uncle, has filed an answer to the complaint and denies the charges of fraud and conspiracy. Marston admits he entered into a contract with Attorneys House, Hambley and Huse, and that he gave them his majority to give them fifteen per cent of the estate for legal services. Since coming of age Marston has repudiated the contract and is accused of having transferred his interests, consisting of \$100,000 in cash and real property, to Attorney Collins to evade payment of the heavy fees.

In his answer Collins asserts that the attorneys who are demanding the fees were negligent and failed to look after the interests of their client. He also alleges that in the contract made with young Marston, he reserved the right to repudiate the contract and to reach majority. He also says that the legal services have been paid in full.

MISS KATE CHABOT AND DR. J. M. DUNN MARRIED

PRETTY WEDDING AT THE HOME OF MRS. REMI CHABOT—MRS. WILLIAMS AND ALBERT BRAYTON WED IN NEW YORK.

Miss Kate Chabot and Dr. James P. Dunn were quietly married last night at 7:30 o'clock at the Chabot home on Madison street. The engagement was announced several weeks ago, but the date of the wedding was kept a profound secret, and those who witnessed the ceremony did not know until just before it was performed that the wedding would be solemnized. They had been bidden to a dinner party, which was turned into a wedding feast.

Last evening A. A. Moore, Jr., called at the County Clerk's office and secured the necessary marriage license and at 7:30 o'clock the ceremony was performed by the Rev. Father Blake of St. Helena, who is an old time friend of both the Dunn and Chabot families.

The drawing room where the ceremony took place was exquisitely adorned in yellow and white, gorgeous chrysanthemums forming the sole decoration, and filling the window in which the ceremony was performed. The bridegroom wore an elaborate creation of white satin and train, and was worn with an exquisite duchesse lace veil. She carried a shower bouquet of white carnations.

The only attendant, Miss Claire Chabot, was dressed in a most becomingly fashioned pink silk elaborated with tulle chiffon and lace and she carried a shower bouquet of pink carnations.

Mrs. Chabot's gown was entirely of black lace over satin and was worn with diamonds.

Mrs. John Henry Diekmann wore an elaborate frock of white duchesse satin, and Mrs. Robert S. Knight wore a beautiful gown of pink satin, artistically trimmed.

An elaborate supper was served after the ceremony. The dining room was handsomely decorated in pink, carnations of that color and pink candelabra adorned the two tables.

At the bride's table were seated Dr. and Mrs. Dunn, Dr. William Dunn, Miss Claire Chabot, Leon Boqueraz, Mrs. William Ede, Phillip Abbott, Mr. and Mrs. A. A. Moore, Jr., Mr. and Mrs. John Henry Diekmann, Fred Diekmann, Miss Margaret Dunn and Charles Bates. At the other table were the groom's parents, Mr. and Mrs. M. M. Dunn, Mrs. Chabot, Misses Mary and Alice Dunn, Dr. and Mrs. Martin Dunn, Henry Martin, Carl Abbott, Felix Peano, Roger Boqueraz, Mr. and Mrs. Robert S. Knight, G. B. Galvanna and the Rev. Father Blake.

An evening of congratulation and celebration was followed by the departure of the happy couple upon their wedding journey. They left on a late train for Northern California, and while they kept their destination a secret, it is supposed that they went to the country home of the Chabots at Ilwaco.

They will return in about a fortnight.

and will reside at the Chabot home at Eleventh and Madison streets.

The bride is the daughter of the late Remi and Mrs. Chabot and is well known and a general favorite. She is prominent in social and charitable circles. Dr. Dunn is equally well known in society and he is also prominent in his profession. He was reared and educated in Oakland, was formerly Health Officer of the city and is now one of the physicians of the Southern Pacific Company. He holds a number of positions of honor and trust besides having a large practice in Oakland.

WILLIAMS-BRAYTON WEDDING.

Word has just reached here from New York that Mrs. Claire Tucker Williams, the youngest daughter of Mrs. J. C. Tucker, and Albert Lacey Brayton were married recently in that city. The announcement was received with surprise by the friends of the young people, as it was expected that the ceremony would be performed here next year.

Mrs. Tucker, on account of ill health, she is the sister of Mrs. George O. Near, Jr., and of Mrs. Gus Macdonald. Mr. Brayton is well known and popular in business and social circles in Oakland and San Francisco. He is the son of Mr. and Mrs. A. F. Brayton of Alice street.

After their honeymoon the happy couple will return to Oakland and will take up their residence in the Du Val home on Alice street, which they have secured for the winter.

KLEY-NUSBAUM.

Cards are out for the wedding of Miss Clara Estella Kley to Mr. Fred K. Nusbaum on November 8, 1902. Miss Clara is daughter of Mr. and Mrs. Chris Kley of Tenth and Kirkham street, and a great favorite of West Oakland society. Mr. Nusbaum is a native of Oakland where he is well and favorably known. He is foreman of the fresco department of the Southern Pacific. The honeymoon will be spent in Europe. The young couple will spend the winter visiting wealthy and influential relatives of Mrs. Kley in Saxony.

A PRETTY WEDDING.

Miss Henrietta Amelia Diefenbacher was married to Mr. George Planer last evening at the home of the bride on Thirty-first street by the Rev. L. D. Mahone of the Thirty-fourth-street Methodist Church. A large number of friends were present to witness the ceremony and extend congratulations. The bride couple will visit various parts of the State during their honeymoon and then return and take up their residence on Telegraph avenue.

EBELL CLUB.

The announcement that the program for the regular Ebell "club" day yesterday afternoon would consist of a debate attracted an unusually large attendance, it being the first discussion of that nature that has ever occurred in the history of the club. The subject was: "Resolved, That clubs are beneficial to young mothers." Mrs. S. C. Board led the negative side, his colleague being Miss Julia Fraser. The negative was championed by Mrs. J.

MISS ELLA JACOBSON TO WED ABE S. COHN.

POPULAR SOCIETY GIRL WILL BECOME THE BRIDE OF WELL KNOWN BUSINESS MAN.

Miss Ella Jacobson, the charming daughter of Mr. and Mrs. M. Jacobson of San Francisco, will become the wife of Abe S. Cohn, the well-known business man of Oakland, this evening. The wedding will be a family affair at the home of the bride's parents, 1337 Laguna street, San Francisco.

Mrs. J. Cohn and Miss Bettie Jacobson will be the bridesmaids, while Julius Cohn, brother of the groom, will act as best man. Miss Herta Lion will be ring-bearer, and Miss Alma Jacobs and Ruth Cohn, flower girls.

The bride's gown will be of white silk tulle, daintily trimmed with lace, and she will wear a tulle veil and wreath of orange blossoms. She will carry a shower bouquet of lilies of the valley. The bridesmaids will be dressed in white, and will carry American Beauty roses.

After the wedding supper the couple will leave for Southern California, where they will enjoy an extended honeymoon before returning to Oakland to take up their residence.

Abe S. Cohn, the groom, is one of the leading business men of this city, being at the head of the A. S. Cohn Company, the Washington street clothing store. He has a host of friends on both sides of the bay, who wish him happiness and prosperity.

That he would like an expression from the Merchants' Exchange before any definite action was taken by him in regard to the franchise. The matter was talked over by the Exchange, and many were of the opinion that an opposition company should be admitted to the city, but the majority thought that the Exchange should not commit itself one way or the other until more details regarding the franchise could be procured.

It was finally decided to defer action, and it is thought that a special meeting of the Exchange will have to be called to pass upon the franchise. The general feeling of the Exchange was expressed by George Arper, who said: "If a rival company will improve the service and benefit the city, we want it. But if it will be a detriment to the city and not a benefit to the telephone service, we do not want it."

W. H. Welby spoke along the same lines, and suggested that the Exchange allow the Mayor to decide whether the new company was a bona fide concern or not.

OVER TELEPHONE

EXCHANGE MAY CALL SPECIAL MEETING TO CONSIDER FRANCHISE.

The matter of granting a franchise to a company supposed to be in opposition to the present system in this city, was discussed last night by the members of the Merchants' Exchange and a committee consisting of Theo. Gier and A. Jonas of the Exchange was appointed to consult with Mayor Barstow on the subject.

D. C. Brown stated that he had spoken to the Mayor in regard to the telephone franchise, and that official had told him

A truss should not be bought the same as any other kind of merchandise, but the patient should seek a reliable person skilled in the mechanical treatment of hernia, and submit to his judgment, for on the proper selection of a truss suited to the kind and state of hernia, and it being properly fitted, depends its value. POLITICAL ANNOUNCEMENTS.
J. J. WHITE FOR ADMINISTRATOR.
James J. White, Union Labor and Democratic nominee for Public Administrator, is worthy of the support of all good citizens. Mr. White is a pioneer of Oakland with a large experience in public affairs. For many years he has been in business in this city, and has always borne a good reputation. He is just the man to fill the office of Public Administrator. Mr. White served as Postmaster of the city of Oakland for four years, and the public remembers that he conducted the office to the advantage of the people. Business men had reason to appreciate the efficient manner in which he managed the postoffice, and readiness with which he extended all possible courtesies. The postal service of this city was never better than during Mr. White's incumbency. He conducted the office on thorough business principles, and regarded the accommodation of the public as the first duty of himself and his subordinates. Mr. White is a respected citizen, who has reared his family in Oakland, and paid taxes in Alameda county for thirty years. In all the affairs of life he has proved himself a worthy citizen, a good neighbor and an estimable husband and father. As an employer of labor he always paid good wages, and treated his employees with proper consideration. In his business dealings he is square. In view of this long acquaintance with him, and the confidence in his integrity, a number of his friends take this method of speaking a good word for his candidacy, without solicitation from him and without his knowledge. A vote for J. J. White is a vote for an honest man who will serve the public to the best of his ability, which will be to the general satisfaction. HIS FRIENDS.*
